

Loved By You

Mali Music

Trust me it'll take your heart
Trust me it'll break your heart oh yes
It's so underated when we say and play in love

Trust me it'll take
It'll take all of it and break your heart
Everyday we pray in love to the God of [?]
But it's so good (so good), so good
To be loved by you
Yes it's so good, so good to be loved by you
Yes it's so good (so good) to be loved by you
... to be loved by you, yeah

Now when I say take your heart
I'm not talking robbery
I'm talking lots of talks and texts to cause to be
The one we ought to see
Though talks and texts could get the point from A to B
My X Y Z and all across the board
The alphabet the cause to be
The alphabet when tossing lots a nets across the board
It's all on me
Like every eye
Gemini to Equimini
But I don't cry
Eyes up, boobs tied up
It's you him and I
Loving by you
Life's through to quick man
We in at 9
Nothing by you
The flights through too quick yea, in the sky

But it's so good to be loved by you
It's so good to be loved by you
So, so good to be loved by you...

But I Do, I do trust you
And it feels so good so good to be loved by you
Yes it's so good to be loved by you
