Mali Music

Yo
It's Mali
Taking it to the world y'all
Ain't nothing changed
Not anyone
Still

Alright, do you see what's happening
The world is so confused y'all
Trouble everywhere
It seems like hope is an elusion
Everywhere you turn another tragedy
Sad to see

But rise up rise up rise up rise up rise up
Lift your eyes up eyes up eyes up eyes up
And see how tomorrow
We got hope for tomorrow

Stand up
Stand for the hopeless wretch
Stand for the stand for the not free yet
When we become one fam one unit
We'll make an impact that they won't forget
But we must be one
(Na na na)
Yea we must be one
(Na na na)
Yea to stop this pain
(Na na na)
Yea we must be one
(Na na na)

Oh oh oh
Sing a new song
Can we just sing a new song
Somewhere along the way we've got it wrong
(We've got it wrong)
But we gotta change each it all
Yea we gotta change it all
Yea we gotta make it right
Yea we gotta change our world
Alright alright alright alright

Take a deep breath, then you see the sun
Feel your heart beat, then you play your drama
Cause all around the world there is tragedy
We need relief
So rise up rise up rise up rise up rise up
Lift your eyes up eyes up eyes up eyes up
And listen to the music
All we got is music

Stand up
Stand for the peace we chase
Stand for the stand for the earth we shape
One body one people one mind yea

We keep making them pack that they won't forget
But we must be one
(Na na na)
Yea we must be one
(Na na na)
Yea to win this race
(Na na na)
Said we must be one
(Na na na)

Oh oh oh
Sing a new song
Can we just sing a new song
Somewhere along the way we've got it wrong
(We've got it wrong)
But we gotta change it all
Yea we gotta change it all
Yea we gotta make it right
Yea we gotta change our world
Alright alright alright alright

Ma people in the north what ya say now
Ma people down south what ya say now
Ma people in the east what ya say now
Ma people out west say we must be one
(Na na na)
Said we must be one
(Na na na)
Yea to bring this change
(Na na na)
Said we must be one

Oh oh oh
Sing a new song
Can we just sing a new song
Somewhere along the way we've got it wrong
(We've got it wrong)
But we gotta change it all
Yea we gotta change it all
Yea we gotta make it right
Yea we gotta change our world
Alright alright alright alright
