

# The Light

Mali Music

Everywhere I go (man it's crazy)  
Everybody like (whoa)  
There go Mali Music and I'm like (whoa)  
Didn't even know I made it yet for folks to act Like that ya'll  
(Favor) I'm so glad that song blessed ya  
(Thank ya) and God bless ya  
But, I'm really wondering what you see when you  
Lay eyes on me  
Do you see my shoes?  
The clothes on my back?  
Do you see my swagger?  
Then you looking at flesh  
Cause I walk in spirit  
I live for the King  
It's in Him I move and have my very being

Steady wondering why you can't see me  
Tryna figure out what it is about me

I got The Light  
I got The Light  
I got The Light  
I got The Light  
stop tryin to figure me out  
it ain't me y'all  
it's all about God  
and The Light don't clap off  
I got The Light  
I got The Light  
I got The Light  
I got The Light  
BLING!

Don't need an introduction  
Don't want an introduction  
Because with an introduction...  
You have the tendency to get sucked in  
To what you're about to hear  
What you're about see  
What I'm about to do  
But it ain't about me  
When I sing or when I speak people don't listen to  
me please just hear what God is trying to reveal to you  
Through my lyrics  
Through my melody  
Rhythms and beats  
My harmonies
