

## Ignorance Is Bliss

### Malignancy

Feeding into the immense monotony of ridiculous  
utterings  
Twisted appraisal of murders glorified by the media  
Sickly invigorated by the misfortunes of others  
We gaze, transfixed to the blood and gore

Welcome to the spectacle of the demented  
Deformed and disease stricken, cast them aside  
Decrepit and arthritic are enveloped in depravity  
Unaccepted in the vast circle of stupidity

Turning our heads, ignoring their pleas  
The world goes round

[Chorus ]

Equality is categorized by pigment discoloration  
Formulated beliefs handed down through generations  
Thus, a thought deficient creation is unleashed  
Comprising solely of hate without reason  
Ignorance is bliss

Creatures are systematically wiped clean from the earth  
Cultivate the infertile soil with their bodies  
Destroying all without concern or consequence  
This husk of flesh kills inadvertently

Beasts of burden plunge to their death  
A celebration of torture in the name of the lord  
So called intelligence displayed in brutality  
Sinking deeper into extinction,  
dead world

[Repeat chorus]

Ignorance is bliss
