

# Blow My Mind

MALIQ & D'Essentials

Now you really blow my mind  
coz you look so fine  
It's been a while since I saw u baby  
You always on my mind

The lights from your eyes when u look at me  
The smile from your lips when u talk to me  
It feels so right, do you feel alright  
Do you feel alright

Coz I love the way you move ur body baby  
The way u groove that body baby  
the way u move your body

Girl u look so fine  
now u really really blow my mind

Girl u look so fine  
now u really really blow my mind

Now you really stole my heart  
coz you blow my mind  
since the day i saw you babe  
you always on my mind

The lights from your eyes when u look at me  
The smile from your lips when u talk to me  
It feels so right, can you feel my mood  
can you feel my mood

Coz I love the way you move ur body baby  
The way u groove that body baby  
the way u move your body
