

# Fire

Mallory Knox

Is this love?  
Is this love that you hold so close has it crumbled to dust?  
And is this love?  
Is this love that I'm feeling I'm finding it hard just to trust  
And is this love, love burning little holes inside of me?  
Is this love, love?  
You're trying to take it all away from me

And I will wait for you, stay for you  
You're burning out the air in my lungs  
I'll wait for you, burn for you  
You're burning out the air in my lungs  
Yeah all we are left with is embers & I'm still holding out for a sign  
And a fire still burns (fire still burns)  
A fire still burns inside

Are we watching this love overcome by flames?  
Or are we standing by as it all burns away?

Tell me this love  
Are we waiting for someone to save us from burning to dust?  
Tell me this love  
Should you build all you have out of nothing but anger & lust?  
And is this love, love burning little holes inside of me?  
Is this love, love?  
You're trying to take it all away from me

And I will wait for you, stay for you  
You're burning out the air in my lungs  
I'll wait for you, burn for you  
You're burning out the air in my lungs  
Oh all we are left with is embers & I'm still holding out for a sign  
And a fire still burns (fire still burns)  
A fire still burns as you watch me walk into the flames  
This burning house still sings my name  
And someday you might find a piece of me inside your soul  
I'll keep you close & then one day rebuild this house back out of stone

And is this love, love burning little holes inside of me?  
Is this love, love?  
You're trying to take it all away from me  
I will wait for you, stay for you  
You're burning out the air in my lungs  
I'll wait for you, burn for you  
You're burning out the air in my lungs  
When all we are left with is embers & I'm still holding out for a sign  
A fire still burns (fire still burns)  
A fire still burns inside
