

Hush little baby don't you cry  
You'll be sleeping alone tonight  
I know you better than you know yourself  
And while you're sleeping alone my dear  
I'll be sleeping inside your fears  
I know you better than you know your, yourself.

And I'll be right here waiting for you  
And I'll sit right here waiting for you  
Inside you'll pray it's not true  
But I'm waiting for you, waiting for

Day times coming around my love  
And you'll go back to the light I loathe  
I know, I know you better than you know yourself  
Cause when I feel your touch,  
It's too much to let you go  
You've been living inside here for six years and did you  
Know, that I know you better than you know your, yourself

And I'll be right here waiting for you  
And I'll sit right here waiting for you  
Inside you'll pray it's not true  
But I'm waiting for you, waiting for you

And I'll be right here waiting for you  
And I'll sit right here waiting for you  
Inside you'll pray it's not true  
But I'm waiting for you, waiting for you
