

Caught between your legs

Malrun

Search your soul for evermore, for the answers why you
Need to bleed in order to survive
Again

You know what will remain, an island sealed by pain
Like Charon on the Styx, I'm caught between your legs

Paper thin your walls within, it won't last for ever
Let's pretend the leaking is alright
Again

You know what will remain, an island sealed by pain
Like Charon on the Styx, I'm caught between your legs

You know the past is at the gate when the hull deteriorates

You know what will remain, an island sealed by pain
Like Charon on the Styx, I'm caught between your legs
