

Suppy

Man Overboard

Good-bye
I have no hope or need to try
This joke I've turned into
Survive
It's not fair to fall apart and take it out on you
Bad luck
I've seen the hand that I've been dealt for better or for worse
Quit if you think it get harder
Fold if you know that it's over
This joke we've turned into
I'm honest, I'd never lie
You know what I think?
Think I believe in regret
If I loose my mind I'll never get back again
Never give in
Never get back
