

# When My Devil Rises

## MAN WITH A MISSION

Massive corruption let it begin  
And hell with this air  
Time flies and it's making me choke

Shut your mind down what does it take  
Confess your wrong conscience  
Justice What a big joke

Otosareta mono tachi no koe ga hibiku  
Doku o seisu ni wa waratte doku o morou  
Kare teta ishi ni sosogu no sa

See you go down and see them tremble  
Bleed it all out and find my devil  
I will take you I will break you  
See them go down can't stop the rebel  
Bleed it all out just like the devil  
I will break you  
I will when the devils rise

Transform The double inside can't wait  
To take place and you'll never know  
when it explodes

Once more the hollow parade is missing the blade today  
The countdown's ready to go

Kurenai no sora Sekai ga nemuru mae  
Bokura wa doko ni mukatte iru nodarou  
Oreta hane hikizurinagara

See you go down and see them tremble  
Bleed it all out to find my devil  
I will take you I will break you  
See them go down can't stop the rebel  
Bleed it all out just like the devil  
I will break you  
I will when the devils rise

Shut down the Blah Take it all down to  
Shut down ya Blah What does it take to  
Shut down the Blah Bring ya devil now to  
Shut down the Blah  
The countdown's ready to go

Kurenai no sora Sekai no yoake mae  
Ibara no michi mo warai aruite miseyou  
Oreta hane o hirogenagara

See you go down and see them tremble  
Bleed it all out and find my devil  
I will take you I will break you

See them go down can't stop the rebel  
Bleed it all out just like the devil  
I will break you  
I will make you pay and

See you go down and see them tremble  
Free it all out to find my devil  
I will take you I will break you

See them go down can't stop the rebel  
Bleed it all out just like the devil  
I will break you  
I will when the devils rise
