

Bull In a China Shop

Manafest

R: Turn this up till the speakers pop
And it hits you in the chest
Like a thousand watts
Cause when it gets going
It's hard to stop
Just like a bull in a china shop
Turn this up till the speakers pop
And it hits you in the chest
Like a thousand watts
Cause when it gets going
It's hard to stop
Just like a bull in a china shop

You'd think it was the autobahn
The way I'm driving songs
Dudes in my blind spot
Come on get off
My iPhones plugged in
Cruising at a hundred
Hitting road kill
4 wheels
Dirty dozen
Don't say I told ye
Rolled on the shoulder
Cop pulls me over
Kid are you sober
No I'm not loaded
My foot down and floor it
Take the 5 down south
And I let in the chorus

R:

I got a ticket
But I'm witty with the lyric
So my city gonna hear it
Feeling gitty in my spirit
Oh my gosh we getting crazy
Oh my gosh we got the ratings
Seeing this dude
So please give me some room
Rocking it, free way stomping it
Walking on air, hip hop pop and locking it
Crank it up
You can go twos way I go one
Kid Icarus flying closer to the son
