

# Fearless

## Manifest

Without a doubt in my mind  
Through shadows I climb  
Put it all on the line  
I'm fearless, fearless  
Without a doubt in my mind  
Through shadows I climb  
Put it all on the line  
I'm fearless, fearless

Please don't judge me now  
I'm only human  
Burned every bridge down  
I keep it cruising  
No more class clown  
Still a student  
Not your average in town  
Just a tourist  
I had room to grow  
Look out below  
Here I come jumping stairs  
In my shell toes  
The devils elbow I skate on him  
Crush bones  
Keep my tempo locked  
Cause god knows  
I need him, need him now  
More then I did back then  
Stick closer then a friend

Dad, I wish you here  
To share in my fears  
& dreams through the years  
My kids coming but you'll never see her  
Your idea of leaving too soon  
Spot lighted full moon  
I lead the pack  
With the world on my back  
Our families in tact  
Thank jesus for that

Without a doubt in my mind  
Through shadows I climb  
Put it all on the line  
I'm fearless, fearless  
Without a doubt in my mind  
Through shadows I climb  
Put it all on the line  
I'm fearless, fearless

Slaying a dragon  
Live in a mansion  
Dreams that I imagine  
Loading them in a canon  
Look what I've become  
I'll never be the same  
I know I'm gonna change  
With wisdom & age

The badge on my arm  
Says our freedoms at stake  
My past is a fog  
And I'm walking away  
My child is alive  
With my dna  
Faith never froze  
Dipped it in gold  
I still got a fight in me  
Lots of life in me  
Stop micen me  
Lion is ripe in me  
Fly a kite with me  
Skies the limit  
Living my dreams  
With no fear in it

Without a doubt in my mind  
Through shadows I climb  
Put it all on the line  
I'm fearless, fearless  
Without a doubt in my mind  
Through shadows I climb  
Put it all on the line  
I'm fearless, fearless

It's been so long since I've been gone  
Feels so good to be back home  
Face myself I'm not alone  
I'm fearless, fearless  
It's been so long since I've been gone  
Feels so good to be back home  
Face myself I'm not alone  
I'm fearless

Without a doubt in my mind  
Through shadows I climb  
Put it all on the line  
I'm fearless, fearless  
Without a doubt in my mind  
Through shadows I climb  
Put it all on the line  
I'm fearless, fearless
