

# House of Cards

## Manifest

I missed it again, when will this ever end?  
I'm messing it up, everything that I touch  
Losing my shot, 'cause time never stops  
There goes my chance, slips through my hands  
I'm not okay, I can't escape  
Will I, will I

Fall before I fly  
Choke before I rhyme  
Die before my time  
Fail before I climb, no

Sabotage, house of cards  
On my knees I pray to God  
I don't wanna live like this  
I refuse to call it quits

Done screwing it up, still a pain in my gut  
Back on my feet, never missing a beat  
Risking it all, least I'm back to a crawl  
I walked alone, a lonely road  
I found a friend, it's not the end  
Will I, will I

Fall before I fly  
Choke before I rhyme  
Die before my time  
Fail before I climb, no

Sabotage, house of cards  
On my knees I pray to God  
I don't wanna live like this  
I refuse to call it quits

Crawl before I walk  
Walk before I run  
Run before I sprint  
Know that I'm not done  
(Won't)  
Fall before I fly  
(Don't)  
Choke before I rhyme  
(Can't)  
Die before my time, huh  
Fail before I climb, no

Sabotage, house of cards  
On my knees I pray to God  
I don't wanna live like this  
I refuse to call it quits  
Hit the wall, fly or fall  
One more shot, my name is called  
I don't wanna live like this  
I refuse to call it quits
