

There comes a point in time where you have to decide
There's no right way to do the wrong thing
But you got to do what your afraid to do
Go where your afraid to go
and every time you runaway because your afraid to do something
big
You let an opportunity pass you by
You see you can't keep doing the same thing
over and over and expect different results
The normal has to be ignored
The ordinary discarded
and the routine must be feared
A fighter isn't someone who never fails
A fighter is someone who never quits
You are not the down trotted but the uplifted
The head and not the tail
You really think he brought you this far
Just to leave you now?
Dreaming isn't a waste of time
The desire to get up and go again when everyone else has gone h
ome
The perseverance to get up and go again
And the drive to see the dream fulfilled
You can't be a man that doesn't stop
Get up!
