Manafest

There comes a point in time where you have to decide There's no right way to do the wrong thing But you got to do what your afraid to do Go where your afraid to go and every time you runaway because your afraid to do something biq You let an opportunity pass you by You see you can't keep doing the same thing over and over and expect different results The normal has to be ignored The ordinary discarded and the routine must be feared A fighter isn't someone who never fails A fighter is someone who never quits You are not the down trotted but the uplifted The head and not the tail You really think he brought you this far Just to leave you now? Dreaming isn't a waste of time The desire to get up and go again when everyone else has gone h ome The perseverance to get up and go again And the drive to see the dream fulfilled You can't be a man that doesn't stop Get up!
