

# Love Wide Open

Manafest

You found me on the streets  
5 steps from queens  
With my hat out  
Begging oh I'm begging please  
Climbed the mezzanine  
The edge of broken dreams  
Before I jumped  
Saw your hand reach down for me

Pulling on my strings  
Falling on my knees  
Nothing left to speak  
I'm at your mercy  
Heart of a lion  
Gave it all I can  
If I'm calm as a riot  
Why stay and keep trying

R: I'm holding on  
Holding my tongue  
Cause I was wrong  
Love broke my heart wide open  
Love broke my heart wide open  
I'm holding on  
Holding my tongue  
Cause I was wrong  
This is my song  
Love broke my heart wide open  
Love broke my heart wide open

Love broke my heart wide open  
Love broke my heart wide open  
Love broke my heart wide open  
Love broke my heart wide open

When I feel defeat  
That's when I hear you speak  
One touch of your hand  
And it gives me peace  
Now that I can sing  
The sun ray of spring  
Like a warm coat  
Arms stretched over me

Pulling on my strings  
Falling on my knees  
Nothing left to speak  
I'm at your mercy  
Heart of a lion  
Gave it all I can  
If I'm calm as a riot  
Why stay and keep trying

R:

Cold but I love how your arms they hold me  
Cold but I love how your arms they hold me

Love wide open, love wide open  
Oh how ye love broke my heart wide open  
Love wide open, love wide open  
Oh how ye love broke my heart wide open

R:
