

# Never Let You Go

Manafest

When you're awake and you can't believe your eyes  
Cause all the truth that you knew has turned to lies  
When you're scared and you can't see past a day  
Remember who holds tomorrow  
Know his love will light your way

Hold on when everything is shaking  
Stand strong when the ground is falling through  
Reach out to my hand in the darkness  
That's holding you

I'll be your peace in the waiting  
Your strength when you're broken on the floor  
Hold on, it's all worth fighting for  
Cause I will never let you go  
I will never let you go

When you look in the mirror and you run away  
Cause all you see are the scars from yesterday  
When the parade goes by and you feel alone  
Never lose hope to sorrow  
You're closer than you know

Hold on when everything is shaking  
Stand strong when the ground is falling through  
Reach out to my hand in the darkness  
That's holding you

I'll be your peace in the waiting  
Your strength when you're broken on the floor  
Hold on it's all worth fighting for  
Cause I will never let you go  
I will never let you go

When the road is hard and your faith is shaken  
Never look back on the steps you're taking  
You're more to me than you could ever know

Hold on when everything is shaking  
Stand strong when the ground is falling through  
Reach out to my hand in the darkness  
I'm holding you

I'll be your peace in the waiting  
Your strength when you're broken on the floor  
Hold on it's all worth fighting for  
Cause I will never let you go...  
I will never let you go  
I will never let you go...

You're more to me than you could ever know.
