

# Prison Break

## Manifest

I could never say no  
Making my veins glow  
Take another one  
Try to let the pain go

I know it's killing me  
It's not my destiny

I float in outer space  
I'm in another place  
Then I black out  
Wake up and I'm so afraid

This burden's suffocating  
By a thread I'm barely hanging

All the nights, and all the lies you sold to me  
I sacrificed and lost a time I'll never see  
You stared and you kicked me as I crawl  
Watch me stand when you thought I'd fall  
I'll make this prison break

Suffering the same road  
Stuck in the same clothes  
When I try to run  
Hunt me in my cage closed

My world is twist and tattered  
My heart is beat and battered

Even when I'm shaken  
About to cave in  
My faith rises  
I can feel my spirit raging

I pray and someone hears me  
Today I'm done believing

All the nights, and all the lies you sold to me  
I sacrificed and lost a time I'll never see  
You stared and you kicked me as I crawl  
Watch me stand when you thought I'd fall  
I'll make this prison break

I won't keep walking blind  
I won't let down my eyes  
You won't fool me this time

Take control of my life  
Manifest in the light  
I won't lay down and die!

All the nights, and all the lies you sold to me  
I sacrificed and lost a time I'll never see  
You stared and you kicked me as I crawl  
Watch me stand when you thought I'd fall  
I'll make this prison break
