

# Stick to Your Gunz

Manafest

Get that  
We gonna hit that  
Yeah  
We gonna get that  
Do a 180  
Hit a 180  
Do a turn baby  
Uh  
Manafest gonna stick to his gunz  
We got solomon uh, he's gonna stick to his gunz  
Gonna leave it all behind gonna stick to your gunz  
Come on

I need to chill out  
Shut my flipping big mouth  
Hog tie my tongue down  
Umm umm (right now)  
Turn off the noggin  
Or its down hill toboggan  
Like last time and lost it  
Got fired by big boss  
It's  
I am shut your mind off  
Quit the mind talk  
Get ye sleep on  
Rem deep dream on  
Beep beep nissan  
It's me honking  
Uh uh  
Talking to myself in a hotel  
No pills  
Ticked off at something  
The label  
I blame someone  
Who doesn't  
Get upset from time to time  
I thank london  
She keeps me laughing  
Like when I send a nasty email  
I should a thought about it first  
I guess it could of been worse  
Reverse  
180 turn before I burn  
Pick up the phone to apologize  
And close my eyes  
I gotta do a 180  
Hit a 180  
Turn a 180  
Gotta do a 180 turn!!

[Chorus:]  
Born leader  
Gotta stick to your gunz  
Two fingers in the air  
Gotta stick to your gunz  
When ye leave it all behind  
Cause it's second to none

Keep ye finger on the trigger  
Stick to your gunz  
Yeah  
Born leader  
Gotta stick to your gunz  
Two fingers in the air  
Gotta stick to your gunz  
When ye leave it all behind  
Cause it's second to none  
Keep ye finger on the trigger  
Stick to your gunz  
Yeah

Aa says I need faith  
And me thinks  
I need patience  
From the aches  
And the shakes  
I swear it's just a visit  
I wasn't gonna sip it  
Never catch me slipping  
Baby what you thinking  
Relapse, again, again  
I got a quit it  
I'm willing to go the innings  
Give me just a minute  
I know that I can do it  
God can pull me through it  
Let me tie my shoes in  
I know that I can do it  
I gotta do a 180  
Turn a 180  
Hit a 180  
Gotta do a 180 turn!  
Do a 180  
Turn a 180  
Hit a 180  
Gotta do a 180 turn!!

[Chorus:]  
Born leader  
Gotta stick to your gunz  
Two fingers in the air  
Gotta stick to your gunz  
When ye leave it all behind  
Cause it's second to none  
Keep ye finger on the trigger  
Stick to your gunz  
Yeah  
Born leader  
Gotta stick to your gunz  
Two fingers in the air  
Gotta stick to your gunz  
When ye leave it all behind  
Cause it's second to none  
Keep ye finger on the trigger  
Stick to your gunz  
Yeah

I refuse to change all my dreams  
I'm sticking to my gunz and you know that's evergreen  
Eyes on the prize like a laser beam  
Gotta a whole lotta love in my blood stream

No disguises I just do me  
Locked and loaded  
Happy family  
Full time dreamer  
But here's the kicker  
Stick to your gunz  
Life gets bigger

[Chorus:]

Born leader  
Gotta stick to your gunz  
Two fingers in the air  
Gotta stick to your gunz  
When ye leave it all behind  
Cause it's second to none  
Keep ye finger on the trigger  
Stick to your gunz  
Yeah  
Born leader  
Gotta stick to your gunz  
Two fingers in the air  
Gotta stick to your gunz  
When ye leave it all behind  
Cause it's second to none  
Keep ye finger on the trigger  
Stick to your gunz  
Yeah
