

# Will You Catch Me

Manafest

Will you catch me if I fall down?  
If I fall down  
Will you catch me?  
If I fall  
(2x)

Kicked out of the womb he was forgotten  
Step child exiled and then adopted

Cold feet beneath these sheets of cotton  
Can't sleep his stomach keeps talking

Passed around from New York to Boston  
New school, no family wants him

In the church he prays to God often  
Says a prayer with his hands raised calling

Will you catch me if I fall down?  
If I fall down  
Will you catch me?  
If I fall  
(2x)

Take this curse out of me  
Pull me out of this dream  
I need a Saviour tonight

He was a legend in the streets of Compton  
No police or brigade could stop him

Hell's Angel out the clouds and fallen  
Spent years in a world of Sodom

No prison or family wants him  
Born a vagabond losing his conscience

Just a kid turned into a monster  
Another lost one calling for father

Will you catch me if I fall down?  
If I fall down  
Will you catch me?  
If I fall  
(2x)

Take this curse out of me  
Pull me out of this dream  
I need a Saviour tonight

The sun will come out tomorrow  
The dark will run from the day  
You pulled me out of my sorrows  
When you call out my name

Will you catch me if I fall down?  
If I fall down

Will you catch me?  
If I fall

Will you catch me if I fall down?  
If I fall down  
Will you catch me?  
If I fall down

Take this curse out of me  
Pull me out of this dream  
I need a Saviour tonight
