

## Running Down

Mandalay

Running down like you said  
All that I fought  
When you know that I should be  
One solitary flame you remain  
Been so long  
Shouldn't be the last to hear  
And a young love shouldn't be like this  
And you won't look the same to me  
And I don't know how long you'll remain  
One solitary flame my solitary flame
