

Simple Things

Mandalay

I'm trying to think this through
I'm trying to make this my best and finding it makes no sense
I'm trying to live with this incredible
And bleak sky incredible undertow
I'm trying to make this my endeavor to hold on to the time
My heart is on the line you'll find the simple things the time

Reveals will heal your mind in simple things the time reveals y
ou will be mine

Remember the truth will out remember the truth will find you
Remember the truth will out remember the lies you fed us incre
dible

Oversight incredible time to tell I'm trying to live with this
endeavor to
Get through all of this my heart is on the line, it's close now
it's
Near at hand
