

## This Time Last Year

Mandalay

When when I met you  
Evidently  
You knew  
And then if your kiss  
I was full  
Evidently  
Since without you  
Unfolding  
This time last year, you were here  
This time last year, you were here  
This time last year, you were here  
Said I miss you  
I cannot choose  
Tell me you should often do something  
Without you here I'm into  
Cut out in two  
Since without you  
Unfolding  
This time last year, you were here  
This time last year, you were here  
This time last year, you were here  
In all my innocence  
I'm running 'round  
In circles you won't allow  
Against your bittersweet indifference  
I'm running 'round  
This time last year, you were here  
This time last year, you were here  
This time last year, you were here
