

# He is With You

**Mandisa**

There's a time to live  
And a time to die  
There's a time to laugh  
And a time to cry  
There's a time for war  
And a time for peace  
There's a hand to hold  
In the worst of these

He is with you when your faith is dead  
And you can't even get out of bed  
Or your husband doesn't kiss you anymore  
He is with you when your baby's gone  
And your house is still, and your heart's a stone  
Cryin' God, what'd You do that for  
He is with you

There's a time for yes  
And a time for no  
There's a time to be angry  
And a time to let it go  
There is a time to run  
And a time to face it  
There is love to see you  
Through all of this

He is with you in the conference room  
When the world is coming down on you  
And your wife and kids don't know you anymore  
He is with you in the ICU  
When the doctors don't know what to do  
And it scares you to the core  
He is with you

We may weep for a time  
But joy will come in the morning  
The morning light

He is with you when your kids are grown  
When there's too much space and you feel alone  
And you're worried if you got it right or wrong  
Yes He is with you when you've given up  
On ever finding your true love  
Someone who feels like home  
He is with you

When nothing else is left  
And you take your final breath  
He is with you
