

Give Me Fire

Mando Diao

Jimmy you never feared the life ahead
you never lived the life I gave you
when I hold you
Daddy said you're gonna get it
You're gonna burn before the dawn
Your blood is poisoning your people
your own people

your addiction in the one
the sweetest one, the precious one
oh that freedom

So give me, Give me fire
It doesn't always have to end
Oh Jimmy Jimmy Fire
My love's with you 'til the end

Coma, your my brightest shining star
you're my darkness in the morning
winter morning
crystal fly over the ceiling
bugs my dreaming in the night
the man above decides my future
where I'm destined

my addiction in the one
the sweetest one, my precious one
oh that freedom

So give me, Give me fire
It doesn't always have to end
Oh Jimmy Jimmy Fire
My love's with you 'til the end
My love's with you 'til the end

Mama, why did you comfort him at night?
did we forget that he was pure?
how I miss him
my love's with him 'til the end, the
sweetest end, my precious end oh my freedom

So give me, Give me fire
It doesn't always have to end
Oh Jimmy Jimmy Fire
My love's with you 'til the end
