

She's So

Mando Diao

There's something in the way when she smiles when she's leaving
home and then arrives There's something in the way that she wa
lks makes people shout, makes people talk Talk about the annoyi
ng weather, while we're together, while we're all bound to see
Bound to see why everyone's frighten everything might end You s
ee we know as well

Ref. (1x)

And when she drinks she's talking a lot I don't know if that's
healthy But if love, love feels like taking a brake, I don't ca
re, I don't care, I don't care, I don't care, I don't care, I d
on't care

There's something in the way when she smiles Showers me clean f
rom rust, and behind every little tip of my tongue may be a pro
ud presenting song Listen to the wind and its gossip I wonder w
hy they rip the bondage from my wounds Look at the mob oh, they
're frighten, everything might end You see we know as well

Ref. (2x)

And when she drinks she's talking a lot I don't know if that's
healthy But if love, love feels like taking a brake, I don't ca
re, I don't care, I don't care, I don't care, I don't care, I d
on't care

Because wash those ears before you grow old Remember I'll remin
d you You know from love comes the space that I need In between
, in between
