

Sweet Ride

Mando Diao

Get your motor runnin' cause my engine's too hot
And the cooler's runnin' dry as a pimp
Get your things together cause I'm blowing my mind
And that Ronnie is an MTV star

It's my soul honey, that's up at eighty
And my sweet ride has blown my lady away
Soon, my motor's runnin' wild and I'm gone

Get your wheelers spinning cause I'm riding a lot
And my lady's back at home with her sins
Get your wheelers spinning cause I'm cruising at last
And my destination's somewhere between

It's my soul honey that's up at eighty
And my sweet ride love and tries who make sense
Man, I'm runnin, wild and now I'm gone

Here comes Ronnie!

It's my soul honey...
