

Sweet Wet Dreams

Mando Diao

I'm a alone, to get with sweet wet dreams
Don't let go never lose it, just saw with the sweet dreams
You were the one to open up me
Long time ago, so far away
Uuh, no I don't want to get that on my kneew
I'm letting my mind to see though air

I'm a alone, to get with sweet wet dreams
I'm a alone, to get with sweet wet dreams
Don't let go never lose it, just saw with the sweet dreams
Left you because you came too close to me
I just couldn take the blame tou give me
But I can forget how we have each other
I want you but only for your style

I'm a alone, to get with sweet wet dreams
I'm a alone, to get with sweet wet dreams

I'm alone, here I stay, just holding on to sweet dreams
Don't let go never lose it, just sold it on two wet dreams

You'll be all alone, in the coul...
We can make it together but would please not roll
Give me back, all alone,
We can make it together but would please not roll
Too long in the night
Ohh wet dreams
Only on two, the swet wet dreams
