

## With or Without Love

**Mando Diao**

You've got me crying You've got me hiding Girl you're from the  
dandelion world You've got him smiling You've got him dying Scr  
eaming for you tonight

With or without love

Take me for granted Take me in sand and Take my hand my machine  
girl You're the last wanted You've got me counting Counting my  
bitter days

With or without love
