

The Way I Like It

Mandy Capristo

I feel adrenaline rushing through me,
Under my skin.
I can't calm down,
I'm on a high.
and your past becomes,
My beat tonight.
You've gotta,
Push, A little harder.
A little harder.
A little harder.
A little harder.
Push,
A little harder.
A little harder.
Push

Ain't no rules tonight.

Turn it up, get it u-up
Just the way I like it,
I like it
So turn it up get it u-up
Just the way I like it, (Come get with me),
Gotta watchin me
Hey, hey, hey (2x)

Strobe lights, flash in my head
I can see your heart,
On infrared.
Blazing high, don't stop,
We're moving in sync and tonight,
We won't leave anything.
You've gotta,
Push, A little harder.
A little harder.
A little harder.
A little harder.
Push,
A little harder.
A little harder.
Push

Ain't no rules tonight

Turn it up, get it u-up
Just the way I like it,
I like it
So turn it up get it u-up
Just the way I like it, (Come get with me),
Gotta watchin me
Hey , hey, hey (4x)

You know what to do,
My hands on you.
now You know what to do,
There ain't no rules.

You know what to do,
My hands on you.
now You know what to do,
There ain't no rules tonight.

Turn it up, get it u-up
Just the way I like it,
I like it
So turn it up get it u-up
Just the way I like it, (Come get with me),
Gotta watchin me

Hey , hey , hey
