```
I feel adrenaline rushing through me,
Under my skin.
I can't calm down,
I`m on a high.
and your past becomes,
My beat tonight.
You`ve gotta,
Push, A little harder.
A little harder.
A little harder.
A little harder.
Push,
A little harder.
A little harder.
Push
Ain`t no rules tonight.
Turn it up, get it u-up
Just the way I like it,
I like it
So turn it up get it u-up
Just the way I like it, (Come get with me),
Gotta watchin me
Hey, hey, hey (2x)
Strobe lights, flash in my head
I can see your heart,
On infrared.
Blazing high, don't stop,
We're moving in sync and tonight,
We won't leave anything.
You`ve gotta,
Push, A little harder.
Push
Ain`t no rules tonight
Turn it up, get it u-up
Just the way I like it,
I like it
So turn it up get it u-up
Just the way I like it, (Come get with me),
Gotta watchin me
Hey, hey, hey (4x)
You know what to do,
My hands on you.
now You know what to do,
```

There ain't no rules.

You know what to do,
My hands on you.
now You know what to do,
There ain`t no rules tonight.

Turn it up, get it u-up
Just the way I like it,
I like it
So turn it up get it u-up
Just the way I like it, (Come get with me),
Gotta watchin me

Hey , hey , hey
