## **Eyes Of Nostradamus**

## **Manfred Mann's Earth Band**

At night - they will think they have seen the sun When they see the mad half pig man
At night - screams, battles seen fought in the sky And beasts will be heard to speak

Man, man your time is sand Your ways are lives upon the sea I am the Eyes of Nostradamus All your ways are known to me

Driven back - the eagle back around the tents Will be chased by the other birds
Driven back - with the sound of cymbals and bells Will give sense to the senseless world

Think upon it - all of you who may read this verse Listen and listen well Think upon it - barbarians, idiots, fools stay far away

Oh, I had a dream
I thought I was alone
And the veil of all the years
Fell from my eyes like a stone

From the ground the seven year child And a fire will come to the earth From the sky at fourty-five degrees And the stone will crack with the force

Oh, I had a dream
I thought I was alone
And the veil of all the years
Fell from my eyes like a stone
