

# Love Is Just A Melody

Mango

When i turn out the light  
in the blue of night  
and the moon is sitting tight□  
How my heart slips a beat  
and it feels so sweet  
and a tune and tapping feet□

Love is just a melody  
oh i can throw away the key□

When i turn out the light  
in the blue of night  
and the moon is sitting tight□

Love is just a melody  
oh i can throw away the key□  
love is just a melody  
oh i can throw away the key□
