

Love Is Just A Melody

Mango

When i turn out the light
in the blue of night
and the moon is sitting tight□
How my heart slips a beat
and it feels so sweet
and a tune and tapping feet□

Love is just a melody
oh i can throw away the key□

When i turn out the light
in the blue of night
and the moon is sitting tight□

Love is just a melody
oh i can throw away the key□
love is just a melody
oh i can throw away the key□
