

Skin Crawler

Maniac Spider Trash

I live inside your walls
And through the dark now I will crawl
I can't close your eyes
Think I'm eating at your spine

We are the bugs
We're crawling out of the garbage cans
We are the bugs We're crawling under your skin
We are the worms
We're slithering throughout your mind
Skin crawler's crawling in all the fucking time
Skin crawlers digging in

You step on all my friends
Well you aint seen the end
So watch your bed
Watch those midnight snacks
