

# Tonight

Manian

We got one love, it's a true love  
Sip your drinks up, we getting high  
Cause it's run time, for the good life  
Don't stop breathing, we're alive, alive

We belong to the music, alla di way  
Dj drop a beat, make us obey  
Do what you do, don't bring me down  
Let your love shine on, oho

Tonight, I got a feeling inside  
Tonight, now the time is right  
Yeah we rock to the music  
And dance all way, tonight, tonight oho

Tonight, we take the girls away  
Tonight we blow the club away  
There's a fire pon di dance floor  
We burning down tonight, tonight, oho

It's electric, can you catch this  
Good vibration, into your soul  
Feeling so fine, can't walk a straight line  
But we dance and loose control, control

We belong to the music, alla di way  
Dj drop a beat, make us obey  
Do what you do, don't bring me down  
Let your love shine on, oho

Tonight, I got a feeling inside  
Tonight, now the time is right  
Yeah we rock to the music  
And dance all way, tonight, tonight oho  
Tonight, we take the girls away  
Tonight we blow the club away  
There's a fire pon di dance floor  
We burning down tonight, tonight, oho

You bout to feel it, yeah  
You bout to feel it now  
You bout to feel it, yeah  
We gonna show you how  
I'm gonna take you some place never seen before  
So listen to me when I say

Times in the street, a me big, a me block,  
Everybody gonna get up and move  
All of the hands get up, and the night and come now  
Everything gonna be so cool  
Get upon your feet, when you feel it on the beat  
Gonna run this base tonight  
Put your ...get down pon the floor  
We're bout to run this party right

Tonight, I got a feeling inside  
Tonight, now the time is right

Yeah we rock to the music  
And dance all way, tonight, tonight oho  
Tonight, we take the girls away  
Tonight we blow the club away  
There's a fire pon di dance floor  
We burning down tonight, tonight, oho.
