

## Count Of 1-2-3

### Manic Drive

Some people like to party  
Some people clap their hands  
Some people like to bob their heads while jamming to the beat  
But whatever you do, do it on the the count of 1 2 3

We're singing Hallelujah like a frantic choir  
We heat the stage up till it's on fire  
Let's get chaotic, crank the music higher  
From from from the front row  
To the to the back row  
We scream our lungs out like a Pentecostal  
We blast the roof off this old cathedral  
Now show me what you got now

Some people like to party  
Some people clap their hands  
Some people like to bob their heads while jamming to the beat  
But whatever you do, do it on the the count of 1 2 3  
Some people like to party, on the count of 1 2 3  
Some people clap their hands, on the count of 1 2 3  
I'm calling out my maniacs, I'm calling out my freaks  
Ya whatever you do, do it on the count of 1 2 3

Ya we catch the flames  
Ya we're making static  
Throw your hands up like a charismatic  
Oh we'll get you hooked like a gospel addict  
From from from the chapels to ancient temples  
We tear down walls and unite our people  
Love is our weapon, and our weapon's lethal  
Now show me what you got now

Some people like to party  
Some people clap their hands  
Some people like to bob their heads while jamming to the beat  
But whatever you do, do it on the the count of 1 2 3  
Some people like to party, count of 1 2 3  
Some people clap their hands, on the count of 1 2 3  
I'm calling out my maniacs, I'm calling out my freaks  
Ya whatever you do, do it on the count of 1 2 3

On 3, we're gonna do this all together  
On 3, we're gonna make it last forever  
On 3 Denomination demolition  
I don't care who you are, where you're from  
We're gonna do this on three  
On 3, we're gonna do this all together  
On 3, we're gonna make it last forever  
On 3 Domination demolition  
I don't care who you are, where you're from  
We're gonna do this on three!  
We're gonna do this on three!

Some people like to party  
Some people clap their hands  
Some people like to bob their heads while jamming to the beat  
But whatever you do, do it on the the count of 1 2 3

Some people like to party, on the count of 1 2 3  
Some people clap their hands, on the count of 1 2 3  
I'm calling out my maniacs, I'm calling out my freaks  
Ya whatever you do, do it on the count of 1 2 3

Some people like to party, count of 1 2 3
