

Rhythm

Manic Drive

Bring the beat, kick that drum.
You're the rhythm, of this love song.
We can rock, to that pose,
We are the movement, and we're ready for a fight 'cause:

We bring it, it, it (all we live for)
We give it, it, it (it's in my soul)
Forget it, it, it (and let it go 'cause)
We're meant to move, and it's time to show them we've got

Rhythmic hearts that won't stop breathing
Someone call the doctor 'cause this beat is sick!
Rhythmic hearts that won't stop breathing
Someone call the doctor 'cause this beat is sick!

God's giving me rhythm, God's giving me rhy-rhythm
God's giving me rhythm (someone call the doctor 'cause)
God's giving me rhythm, God's giving me rhy-rhythm
Someone call the doctor 'cause this beat is sick!

Won't back down, won't hesitate
No, this rhythm won't skip a beat
We can't stop, once we start
We have momentum and it's gonna take us far

We bring it, it, it (all we live for)
We give it, it, it (it's in my soul)
Forget it, it, it (and let it go 'cause)
We're meant to move, and it's time to show them we've got

Rhythmic hearts that won't stop breathing
Someone call the doctor 'cause this beat is sick!
Rhythmic hearts that won't stop breathing
Someone call the doctor 'cause this beat is sick!

God's giving me rhythm, God's giving me rhy-rhythm
God's giving me rhythm (someone call the doctor 'cause)
God's giving me rhythm, God's giving me rhy-rhythm
Someone call the doctor 'cause this beat is sick!

Diagnosed and contagious, afire with ever outrageous
We are the movement and we're ready for a fight 'cause
Sterile of the hypnosis, breakout of psychosis
We're meant to move and it's time to show them we've got

Rhythmic hearts that won't stop breathing
Someone call the doctor 'cause this beat is sick!
Rhythmic hearts that won't stop breathing
Someone call the doctor 'cause this beat is sick!

God's giving me rhythm, God's giving me rhy-rhythm
God's giving me rhythm (someone call the doctor 'cause)
God's giving me rhythm, God's giving me rhy-rhythm
Someone call the doctor 'cause this beat is sick!
