## **4 Ever Delayed**

## **Manic Street Preachers**

Screaming throught the galaxy Trapped in this eternity Stranded helpless, endlessly Alone, the lost vigilantes

For ever ever delayed For ever ever delayed

From the city to the sea Will you all come follow me To a place where we are free Not tied to guilt or tied to greed

For ever ever delayed For ever ever delayed For ever ever betrayed Forever delayed

For ever ever delayed For ever ever delayed For ever ever betrayed Forever delyaed
