

Everyone Knows/Nobody Cares

Manic Street Preachers

Everyone knows, nobody cares
Feel us behind hidden intent
Whispering like nature's discontent
Hope has a home
We can't find anymore
Hope has a home
Distant time has gone
Hope has a home
We can't find anymore
Hope has a home
Distant time has gone
Everyone knows, nobody cares
Faking we touch, hope unintent
Onward we go to the world we have left
Hope has a home
We can't find anymore
Hope has a home
Distant time has gone
Hope has a home
We can't find anymore
Hope has a home
Distant time has gone
Everyone knows, nobody cares
Yeah it's coming soon
And it's in our money you
Yeah it's coming soon
And it's in our money you
