

## Everyone Knows/Nobody Cares

Manic Street Preachers

Everyone knows, nobody cares  
Feel us behind hidden intent  
Whispering like nature's discontent  
Hope has a home  
We can't find anymore  
Hope has a home  
Distant time has gone  
Hope has a home  
We can't find anymore  
Hope has a home  
Distant time has gone  
Everyone knows, nobody cares  
Faking we touch, hope unintent  
Onward we go to the world we have left  
Hope has a home  
We can't find anymore  
Hope has a home  
Distant time has gone  
Hope has a home  
We can't find anymore  
Hope has a home  
Distant time has gone  
Everyone knows, nobody cares  
Yeah it's coming soon  
And it's in our money you  
Yeah it's coming soon  
And it's in our money you
