

Here I am, rise and shine  
Way down of course I smile  
Here is hospitality skin care tones  
Clean flesh and lines tainted UV protection

This beauty here dipping neophobia

Here I am rise and shine  
Way down of course I cry  
Here is oblivion bathed acid red  
Mute oily discolour, skin cancer, calories

Private care, sugar pills, the flak of healing.  
Fragrance my escort of no meaning  
This beauty here dipping neophobia.
