

Little Trolls

Manic Street Preachers

You're just a wasted fuck
A wrinkled up antique
All roads to your home will be cursed and drowned

Your mind is a wilderness
Your taste buds ridiculous
So come on and give us your trust
You work for the world's leading fascist

Little trolls, oh little trolls
Eat our bread
And sing our songs

Little trolls, oh little trolls
Pay our dues and pay our tolls
Pay our dues and pay our tolls
Pay our dues and pay our tolls
Little trolls

Ignore these small people at your peril
Ignore them all the dirty devils
Strange kind of people
Strange kind of world
Happy when pissed but can't let go
Can't let go
Can't let go

Little trolls, oh little trolls
Silly stupid fucking animals

Little trolls, oh little trolls
Live in caves, live like cannibals
Live in caves, live like cannibals
Live in caves, live like cannibals
Little trolls

Spiteful twisted unforgiven
Sad and inverted and stunted
Retarded ugly balding old man
Old man

Little trolls, oh little trolls
Eat our bread
And sing our songs

Little trolls, oh little trolls
Pay our dues and pay our tolls
Live in caves, live like cannibals
Pay our dues and pay our tolls
