

Ocean Spray

Manic Street Preachers

1. It's easy to see, it's easy to see,
To see only white, where the colour should be.
It's easy to feel, it's easy to feel,
But it's not good enough, even though it's real.

R: Oh please stay awake
And we can drink some Ocean Spray
Oh please stay awake
And we can drink some Ocean Spray

2. It's easy to breathe, it's easy to grieve
To breathe only air where life should be
It's easy to laugh, it's easy to cry
To cry so so hard that it can't be denied

R: Oh please stay awake... (2x)
