

Pedestal

Manic Street Preachers

I put you on a pedestal
I look at you, you're beautiful
I put you on a pedestal
I feel ok just for a while

I put you on a pedestal
I put you where you belong
I put you on a pedestal
I put me in my own heaven

Willing to be put in my place
Willing to live in this space
Put you on a pedestal
Put you there just standing still

Pedestal, put you on a p-p-p-pedestal
You make me feel, make me feel celestial
Pedestal, put you on a pedestal
You make me feel, make me feel celestial

I put you on a pedestal
I look at you, you're beautiful
I put you on a pedestal
I feel ok just for a while

I put you on a pedestal
I put you where you belong
I put you on a pedestal
I put me in my own heaven

Willing to be put in my place
Willing to live in this space
Put you on a pedestal
Put you there just standing still

Pedestal, put you on a p-p-p-pedestal
You make me feel, make me feel celestial
Pedestal, put you on a pedestal
You make me feel, make me feel celestial

Pedestal, put you on a p-p-p-pedestal
You make me feel, make me feel celestial
Pedestal, put you on a pedestal
You make me feel, make me feel celestial
