

## Pedestal

Manic Street Preachers

I put you on a pedestal  
I look at you, you're beautiful  
I put you on a pedestal  
I feel ok just for a while

I put you on a pedestal  
I put you where you belong  
I put you on a pedestal  
I put me in my own heaven

Willing to be put in my place  
Willing to live in this space  
Put you on a pedestal  
Put you there just standing still

Pedestal, put you on a p-p-p-pedestal  
You make me feel, make me feel celestial  
Pedestal, put you on a pedestal  
You make me feel, make me feel celestial

I put you on a pedestal  
I look at you, you're beautiful  
I put you on a pedestal  
I feel ok just for a while

I put you on a pedestal  
I put you where you belong  
I put you on a pedestal  
I put me in my own heaven

Willing to be put in my place  
Willing to live in this space  
Put you on a pedestal  
Put you there just standing still

Pedestal, put you on a p-p-p-pedestal  
You make me feel, make me feel celestial  
Pedestal, put you on a pedestal  
You make me feel, make me feel celestial

Pedestal, put you on a p-p-p-pedestal  
You make me feel, make me feel celestial  
Pedestal, put you on a pedestal  
You make me feel, make me feel celestial
