Pedestal

Manic Street Preachers

I put you on a pedestal I look at you, you're beautiful I put you on a pedestal I feel ok just for a while

I put you on a pedestal I put you where you belong I put you on a pedestal I put me in my own heaven

Willing to be put in my place Willing to live in this space Put you on a pedestal Put you there just standing still

Pedestal, put you on a p-p-p-pedestal You make me feel, make me feel celestial Pedestal, put you on a pedestal You make me feel, make me feel celestial

I put you on a pedestal I look at you, you're beautiful I put you on a pedestal I feel ok just for a while

I put you on a pedestal I put you where you belong I put you on a pedestal I put me in my own heaven

Willing to be put in my place Willing to live in this space Put you on a pedestal Put you there just standing still

Pedestal, put you on a p-p-p-pedestal You make me feel, make me feel celestial Pedestal, put you on a pedestal You make me feel, make me feel celestial

Pedestal, put you on a p-p-p-pedestal You make me feel, make me feel celestial Pedestal, put you on a pedestal You make me feel, make me feel celestial
