## **Tennessee**

## **Manic Street Preachers**

Your dream can never earn enough Ultimate nihilistic love

Tennessee nights just zip-code love Always believe the comfort of strangers Tennessee eyes graffiti once blue Media sells a trace of hate Media sells a trace of hate

Our epitaph reads like your sin Subvert, destroy, beat derelict

Tennessee nights just zip-code love Commanche becomes as maggot Tennessee eyes orange once blue Media sells a trace of hate Media sells a trace of hate

His pain forgets her agony His heart P-M-R-C His heart P-M-R-C The white man is disease His heart P-M-R-C

Your dream can never earn enough Ultimate nihilistic love
