

# Tsunami

## Manic Street Preachers

For you my dear sister  
Holding onto me forever  
Disco dancing with the rapists  
Your only crime is silence

Can't work at this anymore  
Can't move I want to stay at home  
Tied up to all these crutches  
Never far from your hands

Tsunami tsunami  
Came washing over me  
Tsunami tsunami  
Came washing over me  
Can't speak, can't think, won't talk, won't walk

Doctors tells me that I'm cynical  
I tell them that it must be chemical  
So what am I doing girl  
Cry into my drink I disappear

Eyes for teeth grating over me  
Bring down the shadows of my mind  
Sleep and breathe under our sheets  
Inhale the anxiety in - between, in - between, in - between, in - between

Tsunami tsunami  
Came washing over me  
Tsunami tsunami  
Came washing over me  
Tsunami tsunami  
Came washing over me  
Tsunami tsunami  
Came washing over me

Through September under the weather

In - between, in - between, in - between, in - between

Tsunami tsunami  
Came washing over me  
Tsunami tsunami  
Came washing over me  
Tsunami tsunami  
Came washing over me  
Tsunami tsunami  
Came washing over me
