

# Into the Courts of Chaos

Manilla Road

Here in the fire  
Nothing belongs to god  
Only the fire  
Burning away the heart  
Here in the mind  
The holy war is fought  
Out of all time  
Into the Courts of Chaos

Here in the fire  
Only the strong survive  
Blasphemous fire  
Burning the soul alive  
Sons of the night  
Come to claim what was lost  
These holy knights  
Come to the Courts of Chaos

Here in this unholy pit of despair  
Nightmares of hell come alive  
Here the true enemy is your own fear  
Honor is but to survive

Blessed Be warriors who fight here and die  
Heroes thee are to us all  
Inside these halls Valkyries have no sight  
If thee are felled thee be lost

Warrior cries  
Echoing through the night  
Inside these halls  
The horde of Chaos falls

Inside these halls of hell  
The Old One still he dwells  
Sitting upon the throne of Chaos

Master of all his race  
Monster insatiate  
'Tis he we come to slay in Chaos

Hear our cries  
In Odin's name we fight  
Inside these halls  
The throne of Chaos falls

Into the Courts of Chaos  
Into the halls of eternal despair  
Into the Courts of Chaos  
The only enemy is your own fear
